Participating artists were engaged under a VAN Exhibition Residency contract and participated in a week-long residency at the NPN/VAN Annual Meeting. DIOTR is an incredible resource for new or experienced performers who tour or who are interested in touring their work.

7th Annual Nonprofit Sector Survey

Nonprofit Finance Fund (www.nff.org) is conducting its seventh annual nationwide survey examining the state of organizations in the nonprofit sector. You can contribute to this collective effort to ensure that the voices of arts and culture groups are well represented. The survey, which is anonymous and takes about 10-15 minutes to fill out, collects data on challenges and trends among nonprofits. CULTURAL MOBILITY INTERNATIONAL FUNDING GUIDE

New Cultural Mobility Funding Guide

On the Move, Martin E. Segal Theatre Center, the Graduate Center, CUNY and Theatre Without Borders present the "Guide to Funding Opportunities for the International Mobility of Artists and Cultural Professionals United States of America." Building upon On the Move's existing guides for Europe, Asia, and Arab countries, this guide lists national, local and international resources from both governmental and private institutions for international exchange for artists (traveling to and from the USA). The focus has been placed on opportunities related to theatre, dance, performance, and multi-disciplinary practices even if other disciplines can be covered as well.
